

FOR A BLEMISH FREE SKIN

EXODERMTM Miracle White

DAY CREAM

CONTAINS

Kojic Acid 2%

inhibits the catecholase activity of tyrosinase, which is the rate-limiting, essential enzyme in the biosynthesis of melanin.

It also scavenges reactive oxygen species

Glycolic Acid & Lactic Acid (AHA)

- Stimulates collagen & elastin
- Non-irritating rapid exfoliator

Benefits

- Synergistic action
- Action at two levels - deep and superficial
- Evens out colouration
- Smooths and softens the skin

Once daily, use in conjunction with Miracle White Daily Cream SPF 30

In treating

Melasma, Chloasma, Solar lentigenes & other pigmentations by the day
